The information contained in this document is proprietary and confidential to Oracle and is subject to the non-disclosure obligations described in the license agreement between your company and Oracle. You may not provide this document or any copy of this document to third parties outside your company unless you first obtain the written permission of Oracle.

This document introduces new and changed business and technical features that Oracle has included in the ”Single Fix” described in this document.

The functionality of the Single Fix described in this document may be superseded by functionality included in a future Single Fix, Release or Update. Oracle reserves the right to revise or expand the functionality of any future Single Fix, Release or Update of Oracle Utilities Customer Care and Billing in a manner compatible with Oracle’s business objectives, and the business objectives of each of Oracle’s customers, at the time that Oracle makes the software code generally commercially available.

Oracle will provide you with additional information concerning product Releases or Updates after Oracle finalizes the related specifications and tests the product component(s). Final documentation will be shipped to you with the media containing the Release or Update.

Please contact Oracle Customer Service Group if you have any questions or comments concerning this document, which has been prepared for your benefit as a licensee of Oracle Utilities Customer Care and Billing.

Reported Issue

Description

The **Post Add Person BPA Script** (***C1PS***) defined on the **Customer Information Options** (***C1CI***) feature configuration is not invoked when a person is added.

Steps To Recreate

- Create a BPA script.

BPA Script to Display text that it is invoked

- Go to **Feature Configuration** > **Customer Information Options** and set the following **Post Add Person BPA Script** option to the newly created BPA Script.

Copyright ©2026, Oracle. All rights reserved.

Feature Configuration: Customer Information Options page

- Navigate to **Person** page and add a new person.

Expected Result: Person is added and BPA Script is invoked.

Actual Result: Person is added and BPA Script is not invoked.

Text is not displayed on post-add, indicating that the BPA Script was not invoked

Solution Design

In the **personTabMenu.xjs** script, replace all references of the **top** object to **main**.
