Reported Issue

Description

Customer 360 Financial History zone shows an error when an account does not have an existing Financial Transaction.

Steps To Recreate

Data Setup

- A person with an account without any existing Service Agreements and/or Financial Transactions.

An account with empty Financial History / Transactions

Replication Steps

- Go to Customer 360 Search and look for the target Person/Account.

Copyright ©2026, Oracle. All rights reserved.

Customer 360 Search

- Click Financial History under Financial Details (C1-FINDTLTD) Zone.

An error appears in the Financial History Zone

Expected Result: Financial History zone in Customer 360 should display financial details and information string "No data to display" for Accounts with no Financial Transactions instead of error message.

Actual Result: An error is shown in the Financial History zone.

Solution Design

- Add a condition to verify that the final next credit review date is not null. If not null, format the date and set it to the **Financial History Details'** next credit review parameter.
