The information contained in this document is proprietary and confidential to Oracle and is subject to the non-disclosure obligations described in the license agreement between your company and Oracle. You may not provide this document or any copy of this document to third parties outside your company unless you first obtain the written permission of Oracle.

This document introduces new and changed business and technical features that Oracle has included in the “Single Fix” described in this document.

The functionality of the Single Fix described in this document may be superseded by functionality included in a future Single Fix, Release or Update. Oracle reserves the right to revise or expand the functionality of any future Single Fix, Release or Update of Oracle Utilities Customer Care and Billing in a manner compatible with Oracle’s business objectives, and the business objectives of each of Oracle’s customers, at the time that Oracle makes the software code generally commercially available.

Oracle will provide you with additional information concerning product Releases or Updates after Oracle finalizes the related specifications and tests the product component(s). Final documentation will be shipped to you with the media containing the Release or Update.

Please contact Oracle Customer Service Group if you have any questions or comments concerning this document, which has been prepared for your benefit as a licensee of Oracle Utilities Customer Care and Billing.

Reported Issue

Description

The Service Call process flow is vulnerable to inject arbitrary HTML into the webpage, including the creation of a form that can redirect users to a malicious website.

Steps To Recreate

- Select Service Call option from Service Issue dropdown in the current context.

Service Call option

- Enter the required information in the panel 1 and click on next.

Copyright ©2026, Oracle. All rights reserved.

Panel-1

- Enter the address information in the HTML format in panel 2 where the link is defined using the <a href=""> anchor tag, and click next.

Panel-2

- Enter details in Panel 3 and click next.

Copyright ©2026, Oracle. All rights reserved.

Panel-3

- Enter details in Panel 4 and click next.

Panel-4

Copyright ©2026, Oracle. All rights reserved.

Panel-5

Expected Result: The Review and Submit panel should display address information as plain text only, with no clickable links.

Actual Result: The Review and Submit panel contains links that, when clicked, may redirect users to malicious website.

Solution Design

- Replace the innerHTML with innerText and replace HTML line break tags with newline characters in the UI Map.

Summary

Change Type	Y/N
Does this fix require any Admin (Soft) Table Changes to be made by the client?	N
Does this fix require upgrade data changes to be applied?	N
Does the fix involve DB Changes?	N
Is there an impact on any user interface or any other on-line behavior?	**Y**
Is there an impact on any batch process?	N
